

Lower Gills Creek clean-up event Saturday, May 8th 9-1 p.m.

Kayakers on Gills Creek August 1, 2009

Please join us as we continue to work on clearing and cleaning the lower portion of Gills Creek in an effort to make it more accessible to kayaks and canoes. Thanks to the many volunteers that participated last year, the work is almost complete.

If you do not have a kayak or canoe, you must RSVP to reserve a boat. There are a limited number of boats.

WARNING: Be prepared to see or come in contact with poison ivy, wasps, snakes, and spiders. It's hard work, but it's exciting!!
